Tegea Residences is a new five-storey residential building on Agapinoros Street in Agioi Omologites, a few minutes from Nicosia city centre. It offers 11 apartments, from one to four bedrooms, designed in-house under the direction of architect Alexandros Fereos to combine comfort, practicality and good design.

Finishes include smoked walnut flooring, quality ceramic tiles and granite surfaces. Every apartment has underfloor heating, VRV air conditioning, lighting and shade control, European kitchens and modern security systems. The top-floor penthouse has a private roof
